12. The facts and recommendations are clearly set forth in the Nagrai Supdt's office memo.

By the two prayers for (1) acceptance as 5% a charitable deposit in addition to several other Devaswom funds created by the party at different times, amounting to R 1,500/- and (2) the payment of the enhanced rate 5% on the Consolidated amount of R 2000 as charitable deposit the latter alone requires the consideration of the F Secretariat.

It is for Consideration whether Pedurat funds may be Converted into charitable endowments.

about half a dozen separate amounts intended for some special services in temples situated in different places. They are all invested in 5 p.c. Loans which fetches them now 5 p.c interest. This deposit in this form in places where they are required for expenditure, is more convenient than having them all in a consolidated form in a particular place, which entails more labour to distribute the interest periodically and punctually among the places where they are required, ~~and involves a loss of interest~~. There appears to be no advantage to be gained by such conversion, while the disadvantages seem to be many.

18. The present deposit may also be accepted as a Permanent one and placed in the 5 p.c Loans of the places where it is invested.
